House: Final vote on tax bill.

Chicago, Feb. 29.—Carrying out his promise to fight, Attorney General Harry M. Daugherty has selected two attorneys to defend him against the attacks by senators who seek to oust him from office.

A half hour after Daugherty left on a train for Florida to join his wife, the district attorney's office made public a telegram from Daugherty to Willis, Ohio. The telegram said in part:

"Having attended to the government business which brought me here, I am leaving for Florida as intended and required. I have retained Hon. George E. Chamberlain and Hon. Paul Howland, who represented me in a similar attack a year ago in the house, inspired by the same influences who opposed me openly and secretly, and on practically the same charges with substantially the same object in view, to represent me.

Chamberlain was formerly United States senator from Oregon, and Howland is a Cleveland attorney.

Daugherty asked Willis to advise the senate that he had opposed the resolution for an investigation of his office. The attorney general said he would return to Washington as soon as possible. During his stay here Daugherty appeared for a few moments before the federal grand jury investigating charges of graft in the veterans bureau under the jurisdiction of Colonel Charles R. Forbes.

SENATE TAKES UP  
WHEELER RESOLUTION

Washington, Feb. 29.—The senate today plunged into the fight over the form of the Wheeler resolution, for an investigation of Attorney General Harry M. Daugherty's administration of the department of justice.

When the resolution came up shortly after noon, Senator Wheeler modified it to provide that the senate should elect the investigating committee. It originally named the committee, with Senator Brookhart appointed as chairman.

Senator Lodge moved to amend by leaving appointment of the committee to the chair, and debate on this point started.

ASK FOR INCOME  
REPORTS OF OIL MEN

Washington, Feb. 29.—The senate today unanimously adopted the McKellar resolution, requesting that President Coolidge request Secretary Mellon to furnish the senate oil committee the income tax returns of H. F. Sinclair, E. B. McLean and Albert B. Fall, and all the Doheny and Sinclair oil concerns.

An amendment by Senator Moses, New Hampshire, to include the secretary's investigation question was adopted. Mellon said the reason for the amendment would appear later.

name appeared frequently in telegrams between McLean and his employees here.

Senator Dill, Washington democrat, examined Palmer.

"Were you McLean's friend or attorney?"

"I have been an acquaintance but I acted as his counsel."

"Just how were you employed by him?"

"Mr. Jamor came to see me."

"Do you know what date?"

"I think the 26th or 27th of December."

Palmer produced a telegram which he said authorized his employment by McLean. It advised Major to tell Palmer that the only things that would connect McLean with the inquiry was the loan of \$100,000 to Fall in 1921.

The telegram was given to the committee by Palmer on December 26th.

"Was this the first notice that you were to be his attorney?"

"Well, I think that Major came to see me and he said McLean wanted to retain me. He showed me the telegram either that day or the next day."

"Is Mr. Zevely (attorney for Sinclair) your law partner, as one of these telegrams said?"

"No."

"Have you ever represented Sinclair?"

"No, the only thing I can think of that might have given Major that impression is that the first time I ever heard of this case was in a conference with Mr. Zevely. He is an old friend of mine, and called to see me at my home on December 21st."

"Zevely then sketched to me the proceedings in this investigation. He told me Sinclair had been asked some questions he had refused to answer and they compelled him to answer. He said Fall was in the city, and was going to be called to testify, and that Fall had a question in his mind as to whether he could be compelled to testify. I told him my recollection of the rule was that the committee could compel a witness to testify on matters under its jurisdiction. I could not see any reason why Fall should not answer the committee's questions."

"In a telegram to McLean on December 26th, Major says, 'Mr. Palmer tells me to tell you not to communicate with the committee.' Did you do that?"

"No," began Palmer, but Dill interrupted.

"But you yourself sent a telegram to McLean on December 28th, advising him against saying anything?"

"Oh, that referred to issuing a public statement—not to testifying before the committee. Zevely and I never saw Major together. I have told you all I did with Mr. Zevely."

"I want to find out how much truth Major is telling in these telegrams," said Dill.

"Major said you would continue to look out for the interests of the man at Wardman Park."

"I don't know what Mr. Major meant by that," said Palmer.

COMPLETE CONFIDENCE

Enroute with Attorney General Daugherty to Florida, Fulton, Ky., Feb. 29.—Confidence in a complete exoneration of charges of unethical conduct in connection with the Teapot Dome scandal, and whatever charges may be brought against him in the senate, was voiced today by Attorney General Harry M. Daugherty.

Daugherty is on his way to Florida to join his wife who is ill.

Daugherty attributed the attempts to force him out of office to the same interests in unsuccessful efforts to impeach him in the last session of congress.

"I have selected two attorneys to represent me in the present senate activities against me," he said.

Daugherty explained to the United Press correspondent—the only correspondent to accompany him south—that he was not opposed to the Wheeler resolution in the senate to investigate him.

"In fact, I hope it will pass so that I can clear myself of the charges," he said.

SECOND HEAVY FIRE LOSS THIS  
WINTER, BAILEY STORE BE-  
ING FIRST LOSS

Fire of unknown origin did considerable damage to three business houses in Backus early this morning. The loss is set at approximately \$40,000, and was partially covered with insurance.

Alleged to have started in the basement of the Iverson Mercantile Co.'s store, it burned the stock and building belonging to that firm, also the Hill Hardware Co., and the Backus Drug Co., and partially destroyed the stock and building of the Straft confectionery store.

Backus is sixty miles north of Brainerd, on the Minnesota & International railway. This is the second heavy fire loss that has been reported from the village this winter, the John Bailey store having burned early in the season.

PRICES DISCUSSED

(By United Press)

Lincoln, Neb., Feb. 29.—A meeting of the executive committee of the state attorneys general of the country will be held in Washington in March, to discuss high gasoline prices, Attorney General Spillman, chairman of the committee, said today.

A committee had tentatively proposed a meeting for March 6th in Washington, but it had to be postponed for several days, Spillman said. Prior engagements of several members caused the delay. The attorney general refused to comment on whether his quo warranto proceedings started yesterday to oust oil companies from Nebraska, will be discussed at the meeting.

Indian Affairs Worry  
Britain, Lords Are Told

(By United Press)

London, Feb. 29.—"Affairs in India are giving the government great cause for anxiety," said Lord Oliver, secretary for India, in a speech in the house of lords. Referring to the question of home rule in India, Lord Oliver pointed out that the manifesto of the home rule party in India, as issued, was an uncompromising pronouncement of distrust of the intentions of the British people.

Lord Oliver affirmed the principle that since Great Britain made India what it is, London has the right to a voice in the affairs of that country. He said closer co-operation must be sought.

SIX FIREMEN PLEAD  
GUILTY TO ARSON;  
WANTED EXCITEMENT

Bridgeport, Conn., Feb. 29.—Six Darien firemen who pleaded guilty to committing arson were given prison and jail sentences by Judge Brown.

3 JAILED IT THIRD  
ST. CLOUD DRY RAIDFIFTEEN U. S. AGENTS SWOOP  
DOWN UPON SOFT DRINK  
PLACES

St. Cloud, Feb. 29.—Three men were in the city jail today as a result of a raid upon St. Cloud soft drink places by federal prohibition agents, the third descent upon St. Cloud by the agents in two weeks. Six places were searched and arrests made in two of them. The men in jail are Joseph P. Nuernberg, Alvin Brockway and Edmund Weiz. They are charged with possession of liquor.

Fifteen agents from the forces of M. L. Harney, prohibition field chief, and H. L. Duncan, division chief, made the raid. They went to St. Cloud in a chartered bus and took their prisoners back with them in the bus.

Customers and proprietors threw up their hands when the agents entered and announced who they were. One of the men captured, according to the agents, was taken after he had slipped on ice outside of one of the places from which he was trying to escape, carrying a bottle of liquor. He was injured slightly.

COURT INVOLVES 1,866 AP-  
PLICATIONSVETERANS HAD MOVED FROM  
STATE PRIOR TO WAR EN-  
LISTMENT DATE

(By United Press)

St. Paul, Feb. 29.—The state supreme court today disallowed the Minnesota soldier bonus claim, amounting to more than \$336,000.

The decision involved the 1,866 applications in which the veterans had moved from the state prior to the time they enlisted in the war.

The case decided by the supreme court today was started by William H. Williamson, former agricultural instructor in the Rosseau, Minnesota high school.

In 1917 he moved to Montana and there the draft took him. He put in a claim in Minnesota for a bonus claiming to have still been a resident of this state at the time of his entrance into the army service. He asked for \$300. The average amount of the bonus claim is \$180 for each person, according to Lieutenant E. A. Walsh, assistant adjutant general, who is in charge of the new bonus board created by the 1923 legislature.

## BRAINERD CHORAL SOCIETY NOTES

(Contributed)

The first public appearance of the Brainerd Choral society, under the direction of Roy Theodore Brown, will occur on Monday evening, March 10th, in the Iron Exchange hall on the third floor of the Iron Exchange building. More will be said about it at a later date. It may be said now, however, that considering the difficulties the chorus has been laboring under, it is doing remarkably good work. It has been exceedingly handicapped with a limited number of male voices. Just recently, however, that condition has been greatly improved.

Tonight at 8 o'clock the chorus meets in its regular weekly rehearsal. All members are vigorously urged to be present, and especially so in view of the early date of the first concert. There is still some artistic retouching to be done, and it is expedient that all who expect to sing in the concert be at the remaining few rehearsals. Mr. Brown asks that you give this work your concerted attention.

Crow Wing County Farm Bureau Perfecting Organization to Distribute Same

### CHAMBER OF COMMERCE PLANS

Representatives From 24 Farm Bureau Units Took Up Consideration of the Improvement

The Crow Wing County Farm Bureau is rapidly perfecting its organization to distribute the purebred dairy sires which the Chamber of Commerce plans to provide for the farmers of the county.

Representatives from twenty-four farm Bureau units, from thirty townships in the county, gathered at the farmers room in the court house on Tuesday afternoon to take up the purebred sire matter.

A committee from the Chamber of Commerce appeared before the meeting and offered to raise funds to give farmers pure bred Guernsey, Holstein and Jersey sires, the selection and distribution to be left to the county farm bureau.

On motion unanimously carried, the farm bureau accepted this proposition and to facilitate the handling of the work, immediately organized the Crow Wing County Pure Bred Sire Association, which will have charge of the selecting and distributing of the sires.

The county has been divided into six districts, with a director for each district, as follows:

Sigurd Brenno, of Pequot, director of first district including the townships of Timothy, Jenkins, Ideal, Sibley and Pelican.

C. M. Taylor, of Emily, director of the second district, including townships of Allen, Emily, Little Pine, Watertown, Fairfield and Ross Lake. Con Faupel, of Merrifield, director of the third district, comprising the townships of Mission, Center, Lake Edward, Smiley and the First Assessment District.

Walter Waffensmith, director of fourth district, of Deerwood, Wofford, Irondale, Perry Lake, Dean Lake, Rabbit Lake, Deerwood and Bay Lake townships.

August Erickson, of Brainerd, will be the director of the fifth district comprising the townships of Oak Lawn, Brainerd, Nokay Lake, Maple Grove, Platt Lake and Roosevelt.

Richard Wetherbee, of Crow Wing, has charge of the sixth district comprising the townships of Crow Wing, Baxter, Long Lake, Daggett Brook,

St. Mathias and Fort Ripley.

It is planned to give one purebred sire to every farmer or group of farmers having thirty or more cows. Rules and regulations governing the organization are being formulated and full details of the plan will be presented at the first meeting of the new association March 14th.

Two officers, president and secretary, were elected at the Tuesday meeting to head the Crow Wing County Pure Bred Sire Association, being President Bert Sabin, and Secretary County Agent E. G. Roth.

## WHAT IS ENTHUSIASM?

THE SAMPLE CASE, official organ of the United Commercial Travelers of America, publishes a fine article on the subject, "What is Enthusiasm?" The writer, C. W. Zeitz, is field manager for Lever Brothers of Chicago, and gives the results of his manifold observations. He says in part:

"Are you a part of the treasure of your employer? When one is engaged as a salesman, he is considered an asset to the business. So much is taken from the treasury to develop what the employer thinks he has within him. Then he is placed in a territory where there is a market for his employer's merchandise and is given a part of the planning of his future activities in the field. The territory planning and success depends largely on the salesman's judgment of matters pertaining to his particular territory, the enthusiasm and inspirational ideas he is capable of visualizing.

"What greater asset can a salesman have than enthusiasm? With it he can express himself in such a way that the buyer will take an interest and will cooperate in every way.

"How can a salesman be enthusiastic? This is often expressed by the average salesman with the statement that he is 'all pepped up' and that he is feeling fine because of a good night's rest or that something has come over him that he feels enthusiastic enough to get out for a little business.

"Far be this from the true meaning of enthusiasm! The salesman must be like the public speaker who knows what he is talking about, who knows the true meaning of his subject so that he can inspire his audience with the same picture he himself visualizes.

"To become enthusiastic one must be capable of visualizing the good the product or products have in them; to study his proposition in such a way that when the buyer questions any statements he makes, that he will be able to him give a positive statement of facts that he himself knows to be the truth."

It is super-knowledge that sells goods, not super-salesmanship.

## TO BOB OR NOT TO BOB

THERE are two kinds of girls these days, those who have their hair bobbed, and those who are thinking about taking the step. The Dispatch does not know much about hair styles, but we did read in a New York paper recently that some authority advised girls to save their hair cuttings for switches.

Taking the matter of skirts, as considered by men, they started long and gradually, as styles changed, the street sweeping garment rose to the trim ankles of the ladies. Now with the hair, the style has changed from waist length glory of womanhood's hair to the bobbed style and the next step, if hair is to be shorter, will be shingling it.

Some girls had the idea that bobbing the hair would reduce the time consumed in dressing it, but various husbands have told us that is a fallacy, that their wives are taking every bit as long, if not longer, in getting their hair fixed to suit themselves. They knew accurately about this, basing observations on the time it takes Friend Wife to get ready to attend the movies.

The hair question is a serious one, even to bald headed men who are striving to regain lost locks. The only consolation a bald headed man has, as a rule, is that insane asylums house no bald headed men. This also backs up the theory that an excess of brains reduces the hirsute adornment.

It is about time for a change in women's style of hair dressing and we shall see the United Press in New York about it. Situated in their headquarters in the New York World building, they are in a conning tower with a wider range of observation than we have out on the prairies and the 10,000 lakes of Minnesota. Until returns are so received, we can give no authoritative announcement on bobbed hair or what it will lead to.

## TRAPSHOOTING RECORDS

TRAPSHOOTING records were made in 1923 and among the title holders are many who shot at the Minnesota state shoot held at Breezy Point Lodge, near Brainerd, last year, and who will shoot there again at the tournament staged there next June.

For instance, Marc Arie, Champaign, Illinois, state champion, won in the past year the amateur all round championship, 200 targets, with a score of 197. J. E. Jahn, Illinois, won the professional clay target championship, 200 targets, with a score of 198. The women's championship, 200 targets, was won by Mrs. E. L. King, Illinois, with 186. The Grand American Handicap, 100 targets, was won by Mark Arie with a score of 96. This is the class of shooters which Captain William H. Fawcett draws to Breezy Point next June, and many will also take in the Brainerd Gun club shoot here, staged just previous to the state shoot.

## TO PREVENT FISH STARVATION

By studying the fish foods of the Pacific ocean, a group of scientists at the University of Minnesota hope to make their home state, thousands of miles from the ocean, a better place in which to live as well as a better recreation ground for the sportsman. They intend to learn things that will enable the state to increase its supply of game and food fishes.

Among other things, they plan to prove their contention that when "fished-out" lakes occur in Minnesota they are not fished out at all, but that, on the contrary, the fish have been starved out. "Improvements" have cut off the food supply. The University is to be congratulated on taking up such a worthy project which means much to the 10,000 lakes system of the state.

## BRITISH PRAISE "LAW REVIEW"

MINNESOTA "produces one of the best of the law reviews and is not behind the eastern states, at any rate in legal learning," according to an article in "The Solicitor's Journal," of London, England, discussing the appointment of Frank B. Kellogg as American ambassador to Great Britain. The Minnesota Law Review is published at the University of Minnesota.

"The Times correspondent speaks of Mr. Kellogg as the 'outward and visible sign of the spiritual merging of the east and west,' says the Solicitor's Journal," but we imagine that Minnesota, which produces one of the best of the law reviews, is not behind the eastern states, at any rate in legal learning."

## Apple of Discord.

The Apple of Discord was a golden fruit bearing the inscription "for the fairest," which was thrown by Eris (or Discord) into the midst of the company at the marriage of Peleus and Thetis. The prize was claimed by Juno, Minerva and Venus, and was awarded to Venus by Paris, who was called in to make the award. The decision brought about the Trojan war.

## How the Average Man and Woman May Help Nominate President Coolidge

One of the most remarkable political developments of the times is the popularity of President Coolidge among those who, ordinarily, are little interested in politics.

This comes about because it is very apparent that this quiet, modest man, whose endowment with worldly goods is less than that of any man who ever occupied the presidential chair, has during his public career steadfastly used conscience as his guide without considering the effect on his political fortunes. He has confounded many politicians, men who "play the game," because, by doing what he thought was right without compromise or endeavor to placate "both sides," he has won more favor among men and women than those who are prone to straddle and evade.

In the fact that President Coolidge has convictions and the courage of his convictions, and in the further fact that the American people are intelligent and recognize this, lies the almost unanimous desire on the part of the ordinary citizen, who dislikes ordinary political methods, to see him nominated and elected. The average man and woman owes it to himself and herself, and to this country of ours which we ourselves rule, to make it manifest that Coolidge is the real choice of the real people and to allow no possible doubt of this to exist in the minds of the delegates to the conventions.

## MAKE YOUR INFLUENCE FELT

The Republican caucuses to select delegates to the County conventions will be held March 3. Be sure you attend the caucuses in your voting district and vote for the delegates to the County Convention who are uncompromisingly for Coolidge.

For these delegates in turn will select the delegates to the national convention which meets in Cleveland June 10. The beginnings of the huge Coolidge ratification is in the district caucuses. The County Conventions are to be held March 5, the Congressional Conventions March 7, and the State Convention March 8.

# SALVATION ARMY SUNDAY, MARCH 2

Announcement Issued From Heart Fund Headquarters at the Chamber of Commerce

\$300 IN ADVANCE GIFTS

Gives Impetus to the Campaign Which Commences Monday Evening at Dinner at Chamber

Sunday will be "Salvation Army Sunday" in the churches of Brainerd. This announcement, issued from Heart Fund headquarters at the Chamber of Commerce, coincidently with a report that the fund had reached the \$300 mark though advance gifts, gives

impetus to the campaign which commences next Monday at a dinner given at the Chamber of Commerce at 6:15 p. m.

**Letters to Pastors**  
Pastors of churches of all denominations were asked, in letters sent out yesterday, to announce the dates of the Heart Fund appeal—next Monday to Saturday, inclusive—from their pulpits and to call the attention of their congregations to the good influence of Salvation Army activities in Brainerd.

Churches of all denominations prosper and expand wherever the Army is established it was pointed out last night by Norman A. Borgen, in charge of organization of the campaign.

"The Salvation Army is best known by its adherence to the chief principle laid down by its founder," said Mr. Borgen, "which, briefly, is this: 'Go for souls, and go for the worst.'"

Fourteen of Lowell School are Guests of Mrs. J. H. Strickler at Her Home

The teachers of the Lowell school, fourteen in number, were most pleasantly entertained on Thursday evening by Mrs. J. H. Strickler at her home, 316 Third avenue.

Mrs. Strickler prepared a most delicious dinner, and served it with the assistance of her two small sons, who as waiters made up in technique what they may have lacked in stature.

The dinner was served in four courses, the guests finding their seats at the table with place cards.

After the meal the evening was spent socially, good music forming a part of the program.

## CHAUFFEURS TO BE EXAMINED

30 Have Already Signed up For Quiz to be Held Sunday, March 2

**AT THE CITY HALL HERE**  
Attorney General's Ruling on a Chauffeur Given for Guidance

Thirty drivers have already signed up to take the chauffeur's examinations that will be held on Sunday, March 2nd, in the office of the chief of police in the city hall, from 10 to 12 a. m. and 1 to 4 p. m.

The attorney general has ruled that the term "chauffeur" shall mean any person who operates or drives a motor vehicle as an employee or for hire.

The driver of a motor vehicle engaged in carrying passengers or merchandise for others, and who makes a charge for the service rendered, is within this definition, even though he owns the vehicle engaged in that service.

All drivers who come under this law are expected to take the examination for chauffeur's licenses on Sunday, unless they have had a license before and it is renewed for this year. Those who are not qualified will be stopped by the police department after Sunday, it is explained.

League of Women Voters to Stage Party Caucus for Instruction of Voters

TEA PARTY FOLLOWS SAME

Immediate Object is to Create an Interest in Politics Necessary to Civic Welfare

No, there is no admission fee to the two-act political drama that will be staged at the Chamber of Commerce Saturday afternoon, by the League of Women Voters. Neither is there any charge for the "cup that cheers" that will be served at its close.

This is the beginning of an attempt to carry out the pledge to try and get out seventy-five percent of the vote, in the coming presidential election. It is simply a part of the nation-wide effort to make representative government more truly representative, to make our Democracy more democratic.

If you are in sympathy with this effort, however, and wish to support the only organization that is making a serious attempt to educate the electorate, your membership fee will be greatly appreciated, for even a League of Women Voters cannot function without members and without funds—although the women have had much experience in stretching a dollar to its limit.

However, do not stay away because you are not ready to join. The immediate object of the meeting on Saturday is to create such an interest in politics, that the women will participate in the regular party caucuses.

Let not Brainerd repeat the disgraceful experience of Bemidji by polling only a thousand votes. The Dispatch did well to warn this community, editorially, not to follow Bemidji's example.

Come to the Chamber of Commerce Saturday, at three o'clock and see just how to proceed when you attend in politics, that the women will participate in the regular party caucuses and convention.

# SALVATION ARMY SUNDAY, MARCH 2

Announcement Issued From Heart Fund Headquarters at the Chamber of Commerce

\$300 IN ADVANCE GIFTS

Gives Impetus to the Campaign Which Commences Monday Evening at Dinner at Chamber

Sunday will be "Salvation Army Sunday" in the churches of Brainerd. This announcement, issued from Heart Fund headquarters at the Chamber of Commerce, coincidentally with a report that the fund had reached the \$300 mark though advance gifts, gives impetus to the campaign which commences next Monday at a dinner given at the Chamber of Commerce at 6:15 p. m.

**Letters to Pastors**  
Pastors of churches of all denominations were asked, in letters sent out yesterday, to announce the dates of the Heart Fund appeal—next Monday to Saturday, inclusive—from their pulpits and to call the attention of their congregations to the good influence of Salvation Army activities in Brainerd.

Churches of all denominations prosper and expand wherever the Army is established it was pointed out last night by Norman A. Borgen, in charge of organization of the campaign. "The Salvation Army is best known by its adherence to the chief principle laid down by its founder," said Mr. Borgen, "which, briefly, is this: 'Go for souls, and go for the worst.'"

The dinner was served in four courses, the guests finding their seats at the table with place cards.

After the meal the evening was spent socially, good music forming a part of the program.

## FIGURE WILLS-FIRPO FIGHT TO COST MILLION

New York, Feb. 29.—From the first time it was mentioned up to the current writing, the sports department of the United Press did not believe, and it does not now believe, that the syndicate which is said to be headed by Lew Raymond, New York matchmaker, will be able to promote a match between Harry Wills and Luis Firpo.

News handed out by Raymond dealing with the various stages of the match making, from the first rumors up to the announcement that the fighters had been signed and would meet on July 19, was handled with skepticism, without disguising the intention to let its client papers and their readers know that it assumed no responsibility for the news and that it was printing just what Raymond said.

William McCarney, who acts as the business agent for Firpo in New York, threatened to sue the sports editor of the United Press for sending out "scurrilous reports" about the match and for writing a story in which McCarney was quoted as saying that "Firpo was fat."

McCarney, who brought Tut Jackson out of the sticks and exploited him as a world beater, repudiated the statement he made to the writer.

Reporters in the sporting game are, more or less, accustomed to having statements repudiated. John McGraw made a famous repudiation once, and Harry Greb made one just recently when he denied having made statements that reflected very seriously upon the honesty of the New York Boxing Commission.

Before the statement was printed, which McCarney later denied, the United Press had received a cable from its Buenos Aires office that Firpo had "filled out" to 240 pounds. It was no astounding news to the American fight fans, who knew of the tremendous appetite of Firpo and who were familiar with his rather indolent temperament. Everyone knew he would get fat when he stopped training.

There were reasons to have been skeptical from the start and there are reasons to believe now that Raymond's syndicate never will stage the fight.

Taking the actual figures for a basis, an idea can be obtained as to how long it would take to build a concrete arena to seat 125,000 spectators and how much it would cost.

Tex Rickard, who ought to know, estimates that the cost would be \$700,000, but if he might be considered to have a biased judgment, ask any contractor you know, how much it would cost and how long it would take to build it.

It would cost, at the very least, \$500,000, and with a purse of \$500,000 guaranteed to the principals, the promoters would be one million dollars "on the nut" before they started to stage the fight.

Any business man or group of business men who would be willing to gamble with a million dollars could not figure, with sound judgment, upon the return of less than 10 per cent. No man or group of men in the United States has such a love of Harry Wills that they would toss off a million dollars just for the purpose of giving him a fair deal.

The Firpo-Wills fight would be a good card, but it would not draw a gate of a million dollars. Rickard says it would not draw more than \$600,000, and for that reason he refused to put up a purse of more than \$400,000 to be split by the two fighters.

It was said in Shelby last year that the sport writers from New York were hired by Tex Rickard to spoil the fight, and the same insinuation is being made now by those interested in this venture.

They are smart enough, however, to go no stronger than insinuations. With the facts being reviewed, if the matter was "scurrilous," as charged by McCarney, it is a duty to the public to be "scurrilous."

## Great with Roast Pork!

Delicious cranberry sauce—made in ten minutes makes the finest relish with roast pork—and promotes digestion!

When served with any kind of meat, cranberry sauce gives zest to the whole meal and helps balance the diet. Here's the proper way to make cranberry sauce—

## Ten-Minute Cranberry Sauce

One quart cranberries, two cups boiling water, 1½ to 2 cups sugar. Boil sugar and water together for five minutes; skim; add the cranberries and boil without stirring (five minutes is usually sufficient) until all the skins are broken. Remove from the fire when the popping stops.

And when you have the cranberry sauce, you can easily and quickly make many delicious desserts, such as cranberry pie, pudding, short-cake, tarts, etc.

To be sure of getting the choicest cultivated varieties, ask for Eatmor Cranberries. The red and blue trade-mark label is on all barrels and boxes.

And always cook cranberries in porcelain-lined or aluminum vessels.

## FIGURE WILLS-FIRPO FIGHT TO COST MILLION

New York, Feb. 29.—From the first time it was mentioned up to the current writing, the sports department of the United Press did not believe, and it does not now believe, that the syndicate which is said to be headed by Lew Raymond, New York matchmaker, will be able to promote a match between Harry Wills and Luis Firpo.

News handed out by Raymond dealing with the various stages of the match making, from the first rumors up to the announcement that the fighters had been signed and would meet on July 19, was handled with skepticism, without disguising the intention to let its client papers and their readers know that it assumed no responsibility for the news and that it was printing just what Raymond said.

William McCarney, who acts as the business agent for Firpo in New York, threatened to sue the sports editor of the United Press for sending out "scurrilous reports" about the match and for writing a story in which McCarney was quoted as saying that "Firpo was fat."

McCarney, who brought Tut Jackson out of the sticks and exploited him as a world beater, repudiated the statement he made to the writer.

Reporters in the sporting game are, more or less, accustomed to having statements repudiated. John McGraw made a famous repudiation once, and Harry Greb made one just recently when he denied having made statements that reflected very seriously upon the honesty of the New York Boxing Commission.

Before the statement was printed, which McCarney later denied, the United Press had received a cable from its Buenos Aires office that Firpo had "filled out" to 240 pounds. It was no astounding news to the American fight fans, who knew of the tremendous appetite of Firpo and who were familiar with his rather indolent temperament. Everyone knew he would get fat when he stopped training.

There were reasons to have been skeptical from the start and there are reasons to believe now that Raymond's syndicate never will stage the fight.

Taking the actual figures for a basis, an idea can be obtained as to how long it would take to build a concrete arena to seat 125,000 spectators and how much it would cost.

Tex Rickard, who ought to know, estimates that the cost would be \$700,000, but if he might be considered to have a biased judgment, ask any contractor you know, how much it would cost and how long it would take to build it.

It would cost, at the very least, \$500,000, and with a purse of \$500,000 guaranteed to the principals, the promoters would be one million dollars "on the nut" before they started to stage the fight.

Any business man or group of business men who would be willing to gamble with a million dollars could not figure, with sound judgment, upon the return of less than 10 per cent. No man or group of men in the United States has such a love of Harry Wills that they would toss off a million dollars just for the purpose of giving him a fair deal.

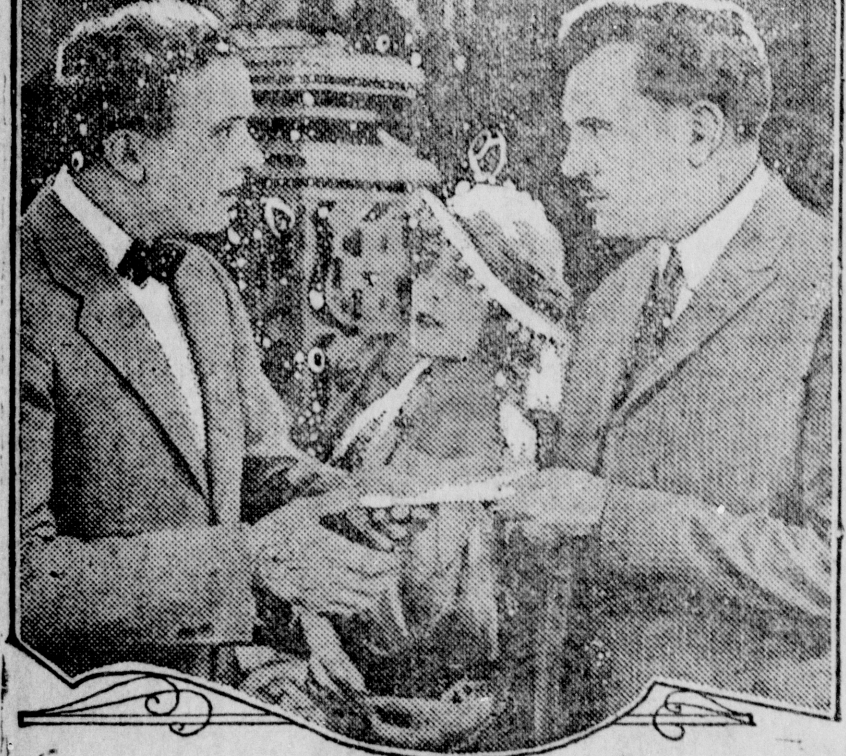

The Firpo-Wills fight would be a good card, but it would not draw a gate of a million dollars. Rickard says it would not draw more than \$600,000, and for that reason he refused to put up a purse of more than \$400,000 to be split by the two fighters.

It was said in Shelby last year that the sport writers from New York were hired by Tex Rickard to spoil the fight, and the same insinuation is being made now by those interested in this venture.

They are smart enough, however, to go no stronger than insinuations. With the facts being reviewed, if the matter was "scurrilous," as charged by McCarney, it is a duty to the public to be "scurrilous."

Scene from "A MILLION TO BURN" Starring HERBERT RAWLINSON A UNIVERSAL ATTRACTION

When Herbert Rawlinson read the manuscript for "A Million to Burn," he grumbled. "This thing's not like me," he said to William Parke, his director. "All right, me lad, just watch me," said Parke. "Now crawl into some grease paint and let's start the great American comedy," which is showing at the Lyceum Theatre tonight and Saturday, in addition to the 12th and last round of "Fighting Blood." In this round patrons of the Lyceum will see an exact reproduction of the famous

Lenore Ulric Coming in "Tiger Rose" The long heralded coming of Lenore Ulric, the famous Belasco star, who recently made such a tremendous hit in "Kiki," will soon be a reality according to the announcement of the New Park Theatre, which states that "Tiger Rose," the screen version of the David Belasco stage play of the same name, will be shown at the New Park on Saturday and Sunday.

## NEW LAMP BURNS 94% AIR

Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, had been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94 per cent air and 6 per cent common kerosene (coal oil).

The inventor, J. E. Johnson, 609 W. Lake St., Chicago, Ill., is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$20 to \$500 per month.
